

I am using the free Overdrive App

1. OverDrive Media Console is available for Android™, BlackBerry®, iPhone®, Mac®, Windows®, and Windows Phone 7.
2. Download the software from [overdrive.com/software/omc/](http://overdrive.com/software/omc/)

1. Open the app and select GET BOOKS
2. The first time you use it, you must ADD A LIBRARY. Use Zip Code to find and select your local library. Then choose WILS (WISCONSIN PUBLIC LIBRARY CONSORTIUM).

1. Put one or more Adobe EPUB eBooks, Adobe PDF eBooks or MP3 Audiobooks in your cart and proceed to checkout. You can also reserve items which are checked out – you will be notified by email when they are available.
2. Select SOUTH CENTRAL LIBRARY SYSTEM and enter your library bar code.
3. Select your loan period (7, 14 or 21 days) and confirm your checkout.
4. Then choose Download, which will transfer the ebook to your device.
5. The first time you open an ebook, you will be prompted to authorize the application by entering an Adobe ID. If you don't have an Adobe ID, you are provided with a link to get one.

- When the loan period is completed, the ebook will be automatically returned. While it can not be renewed, it can be checked out again.
- A notice that the loan has ended will appear and should be deleted. This process varies with the device used.
