

New weekly summer programs tailored just for you...

**Textile Repair Shop
@ The Studio
Mondays 3-6pm**

Do you have a favorite skirt, jacket, or article of clothing that needs some mending... or maybe you just want to get started learning something new?

Each week in June and July, The Studio @ McM will host a community volunteer who will assist in fixing gently used clothing items. Stop by!

Please note:

- Mending is a free service done on a first come-first serve basis.
- There is no guarantee every item is mendable, but the volunteer will do their best to make it right.

**Teens
@ The Studio
Mondays 12-3pm**

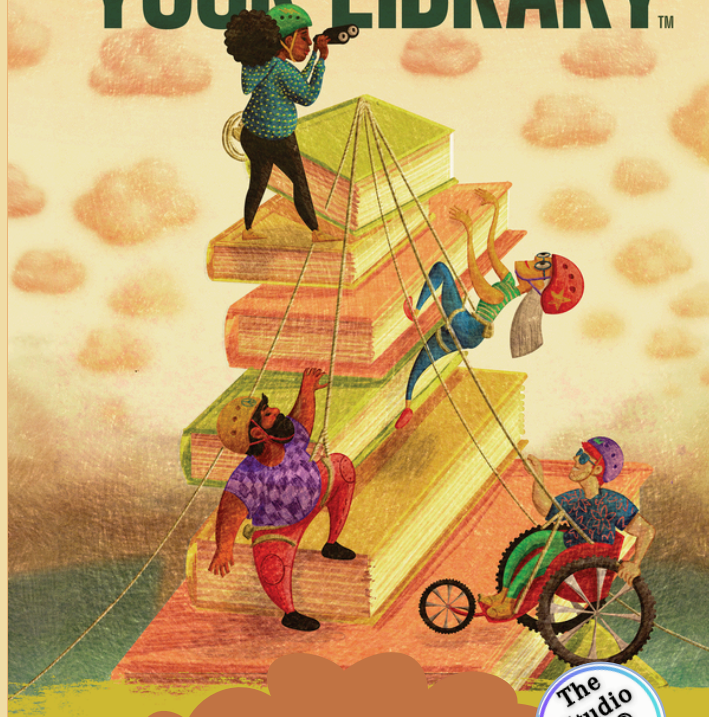

The Studio is happy to host teens between 13-18 years old every Monday from 12-3pm.

You do not have to be badged to participate in this Studio program.

We will have a variety of tools available for teens to use, including the button maker! You are also welcome to bring in your own projects from home to work on here.

ADVENTURE — BEGINS AT — YOUR LIBRARY™
