You've spent the school year doing what the teachers tell you now it's time to rock your design! All this summer McMillan Library will be hosting programs and opportunities for you to share show your creative side. Make a poster, design a game, use your skin as a canvas; we have something for everyone!

**Summer Board Game Challenge:** is for **ALL AGES!** Create your very own board game (or card game) and "showcase" it at our Board Game Bonanza on **Saturday, Aug. 4th from 1:00-4:00pm.**

Participants may use all of our available tools in the maker lab to create their game!

\* Prizes for the crowd favorite!

**Tour Posters:** Your favorite band is going on tour and they want you to design their tour poster! Use the computer or draw it free hand. If you need a helping hand we have access to thousands of preset images and illustrations.

**June 14th 1-3 PM**

**T-shirt Design:** Develop your own t-shirt design to be printed on our new printing press. Original designs only; you're too creative to rip off other people's work anyway. **For ages 11 and up, space is limited.**

**June 28th 1-3 PM**

**Art of Screen Printing:** In this session you will learn the basics of the silk screen process. You will design your own unique image, prep your screen and print your own t-shirt. This program is **for ages 10-14 and space is limited.**

**July 12th 1-4 PM**

**Henna Art:** Your skin is your canvas, at least temporarily. Come in and develop your Henna design. We will then transfer the design onto your skin and you can use the Henna inks to fill it in. Your work should last 10 -14 days and is completely safe (the dye is made from fruit juices). **For ages 11 and up, space is limited.**

**Parent permission required.**

**July 26th 1-3 PM**
